BABBOE Carve Mountain

BABBOE BY PARENTS FOR PARENTS

Back and forth to school, the park or the playground? The Babboe cargo bike takes you and your family there in a safe, easy, fast and cosy way!

Babboe has a comprehensive range of cargo bikes and accessories and all Babboe cargo bikes have been tested for safety and durability.

WHY THE BABBOE CARVE MOUNTAIN?

- The best of both worlds: the stability of a three-wheel cargo bike combined with the agility of a two-wheel cargo bike.
- Thanks to the 'carve mechanism' the box tilts with the bicycle when taking corners, giving you the feeling you are riding a regular bicycle. This results in a unique riding experience and excellent road holding.
- The 'carve-lock' also gives you the possibility to cycle without a tilting box.
- Easily cover long distances, even at high speed and in hilly areas.
- Equipped with advanced pedal assistance thanks to the powerful Yamaha mid-drive motor with power sensor and maintenance-free shifting system.
- Optional special Maxi-Cosi carrier and extra bench to transport up to 4 kids.
